Name: Xero Barcode Label for demo

in. x in.

Editing interface for a label template. The main workspace shows a grid with a barcode at the top, followed by the text "[01]", "[ItemName]", "[Description]", and "[QtyOnLabel]". A left sidebar contains various tool icons and a list of barcode types: ItemName, SKU, Order Number, Custom1, Custom2, and Custom3. A top toolbar includes icons for cut, copy, paste, delete, undo, redo, zoom (set to 200%), and full screen.

Then make sure you are printing to the proper printer and click print. For best results print to a Label style printer. Note: make sure that your Thermal Label printer has the proper page size settings in the driver. For help on this see our video below:

<https://youtu.be/kBPSIPDvTDo?si=0mYapzbPUmfn0VhD>

The screenshot displays the Label Connector software interface. On the left is a blue sidebar with navigation options: 'Print Labels', 'Label Designer', 'Help Video Tutorials', 'Get support here', and 'Manage Users'. The main area shows a list of items with details for each. The 'Item Name' column lists: Comb, firstitem, golfballs, Hairbrush, Hamburger, Hot dog, and vacuum. The 'Item Detail' column shows the following information for each item:

- Comb**
comb
(800)-222-5578
4117B NE Minnehaha ST. Vancouver, WA 98661
- firstitem**
this is a item
(800)-222-5578
4117B NE Minnehaha ST. Vancouver, WA 98661
- golfballs**
balls to hit at golf
(800)-222-5578
4117B NE Minnehaha ST. Vancouver, WA 98661
- Hairbrush**

On the right side, there is a 'Print' settings panel with the following options:

- Print: 7 sheets of paper
- Destination: TSC DA220
- Pages: All
- Copies: 1
- Paper size: (empty dropdown)
- Pages per sheet: 1
- Scale: Fit to printable area
- Print using system dialog... (Ctrl+Shift+P) [checkbox]

At the bottom right, there is a preview area with 'Print Quantity' and 'Preview' buttons. The preview area shows a list of items with a blue bar at the top containing the text 't All'.
